

Bamboo Name Tags- All Sizes

The following templates are for our range of bamboo staff badges, and tags:

See: <https://expresslanyards.com.au/product-category/conference-name-tags/event-badges/>

Single Side & duplicate names on the reverse need to only use the 'FRONT' template - one artwork only

Tips for your BAMBOO Name Tag Artwork

- We can only use vector artwork (only exception is the .jpg photos for ID's)
- Outline generic text or provide us with the font files
- **DO NOT** outline your variable data - we need to know what font & size you would like your data
- Text and Logos need to be inside the critical area print lines
- Position of your variable data (names etc) will change depending on your final data merge
